shared from it in various ways and found it bursts out in Ulcers on my hands and times it turned inward and distressed my stomach. Two years ago it broke out on covered my scalp and ears with agonizing painful and loathsome beyond description many medicines and several physicians, much relief from anything. In fact, it grew worse. At length I was rejoiced

Dr. J. B. S. Channing, of New York
"I most cheerfully comply with the re-
quest in saying I have found your Serravallo
excellent alternative in the numerous cases
which we employ such a remedy, but espe-
cially in the case of the Scrophulous diath-
esis. I have cured many inveterate cases of Leucorrhoea
where the complaint was caused by
the use of the Serravallo's Remedy."

Edward S. Marrow, of Newbury, Ala., writes: "I have been suffering from one of the most dangerous ovarian tumors on one of the family, which had defied all the remedies employ, has at length been completely cured by Extract of Sarsaparilla. My physician said that but extirpation could afford relief, but trial of your Sarsaparilla—the last hope—proved so successful. After taking it, it proved effectual. After taking it, it proved effectual. After taking it, it proved effectual."

Dr. J. C. ATTA—Sir: I cheerfully con-
request of your agent, and report to you
effects I have realized with your Serravallo

This is a remedy so universally known

It is useless here to publish the evidence. Its unrivalled excellence for congenial and truly wonderful cures of pulmonary disease is known throughout the civilized nation. Few are the communities, or even families who have not some personal experience—some living trophy in their history over the subtle and dangerous disease.
